## The "Pepper" Memorial Fund

Please consider your remaining package fees as a contribution for other dogs in need of physical therapy at HnHPT. Please read below.

Pepper was a 16 year old Rat Terrier who, true to her breed, loved to chase squirrels and chipmunks for hours on end. Diane rescued Pepper from the Humane Society of Greater Nashua at age 7, believing she had been used for breeding and 'put out to pasture'; she fell in love with her the very second she laid eyes on her. Diane met Rich a year after getting Pepper and they became a happy pack of three. At the age of 15, Pepper suffered some neurological damage and had difficulty walking. **Horse 'n Hound PT** was able to help Pepper get moving again and made the last few months of her life more comfortable.

In Spring of 2013, the time came for Pepper to leave us. Diane and Rich had recently purchased a **10-pack Hydro therapy package**. Upon contacting HnHPT with the sad news of Pepper's passing, they indicated they wanted their remaining**\$400 Hydro package** purchase to go towards a donation for services needed by other dogs that could benefit from physical therapy but may not have the means to afford it. With this generous donation, we have developed the **Pepper Memorial Fund** for utilization by other needy dogs/animals.

A big THANK YOU to Rich and Diane Travato for this generous gift —the inception of this fund—that can keep on giving in the spirit of Pepper's memory.

Please consider making YOUR REMAINING REHAB PACKAGE a contribution AT HNHPT - desperately welcome and most needed FOR DOGS AND OWNERS THAT CAN'T AFFORD REHAB.
